

Training course

The geological heritage of the Apuan Alps

Between nature enhancement and preservation

Offices and Visitor Center of the Park
via Simon Musico, 8 - Massa

tuesday 12th april 2011

3.00 p.m.

“Biodiversity and geodiversity”

“The geosites of the Apuan Alps”

thursday 14th april 2011

3.00 p.m.

“What is a Geopark ?”

“Apuane Geopark: the project”

The course is open only to “Park Guides”, up to a maximum of 20 people. It will follow the list of the applications received, with priority for Guides in the register of 2011.

Taking part to the course is the prerequisite to carry out any further educational and teaching activities, promoted by the Park and dealing with the conservation and the fruition of the Apuan Alps’ geosites.
